Concernin visit of coordinator
of Erasmus Mundus Infinity
program and concept
coordinator of Tempus Rethink
program - professor Antonio
Castelbranco.

On 23-24 of April we had an honor to host coordinator of Erasmus Mundus Infinity program and concept coordinator of Tempus Rethink program - professor Antonio Castelbranco.

It was a pleasure to host Professor Castelbranco, and we also want to thank the FAUL for his visit here. As it was extremely important for us to get to know how the double diploma could be organize, to hear about the experience of our Ukrainian colleagues, and to develop our own strategies for moving toward building double degrees with our partners.

Ukraine needs and wants to establish strong links with the European Union. Ukraine needs and wants to learn from EU experience. Ukraine needs and wants to implement academic systems that can be equivalent to the EU standards.

Therefore, the visit of professor Castelbranco was exactly what we needed. In fact, I have signed and sent with him a bilateral agreement which I hope will encourage our future cooperation, and it will be the continuation of what was started with the TEMPO, INFINITY and RETHINK projects.

Rector,

Prof. Babayev V.M.
